

Wellness Benefits

This schedule outlines preventive services and items that VIVA HEALTH will pay at 100% for the Southern Company plan. Many of the services are provided as part of an annual physical, which is covered at 100%. In some cases, an office visit or facility copayment or coinsurance may apply if the preventive service or item is billed separately from the visit. A copayment or coinsurance may also apply if the primary purpose of your visit is not routine, preventive care. All services must be performed by a provider in your network. Please refer to your Summary Plan Description to determine the terms of your health plan.

PREVENTIVE SERVICE
