

The Health Care Authority of the City of Anniston

This schedule outlines preventive services and items that VIVA HEALTH will pay at 100% for its non-grandfathered "Wellness" plans. Many of the services are provided as part of an annual physical, which is covered at 100%. In some cases, an office visit or facility copayment or coinsurance may apply if the preventive service or item is billed separately from the visit. A copayment or coinsurance may also apply if the primary purpose of your visit is not routine, preventive care. All services must be performed by a provider in your network. This list does not apply to all VIVA HEALTH plans. Please refer to your Certificate of Coverage to determine the terms of your health plan.

·
