# Introduction

## Note to existing members:

This formulary has changed since last year. Please review this document to make sure that it still contains the drugs you take.

When this drug list (formulary) refers to “we,” “us,” or “our,” it means VIVA MEDICARE. When it refers to “plan” or “our plan,” it means VIVA MEDICARE *Extra Value* or VIVA MEDICARE *Extra Care*.

**This document includes a list of the drugs (formulary) for our plan which is current as of 11/01/2024.** For an updated formulary, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You must generally use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network, and/or copayments/coinsurance may change on January 1, 2025, and from time to time during the year.

## What is the VIVA MEDICARE Formulary?

A formulary is a list of covered drugs selected by VIVA MEDICARE in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. VIVA MEDICARE will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at a VIVA MEDICARE network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your Evidence of Coverage.

## Can the Formulary (drug list) change?

Most changes in drug coverage happen on January 1, but VIVA MEDICARE may add or remove drugs on the

Drug List during the year, move them to different cost-sharing tiers, or add new restrictions. We must follow Medicare rules in making these changes.

## Changes that can affect you this year:

In the below cases, you will be affected by coverage changes during the year:

- New generic drugs.** We may immediately remove a brand-name drug on our Drug List if we are replacing it with a new generic drug that will appear on the same or lower cost-sharing tier and with the same or fewer restrictions. Also, when adding the new generic drug, we may decide to keep the brand-name drug on our Drug List, but immediately move it to a different cost-sharing tier or add new restrictions. If you are currently taking that brand-name drug, we may not tell you in advance before we make that change, but we will later provide you with information about the specific change(s) we have made.
  - If we make such a change, you or your prescriber can ask us to make an exception and continue to cover the brand-name drug for you. The notice we provide you will also include information on how to request an exception, and you can also find information in the section below titled “How do I request an exception to the VIVA MEDICARE Formulary?”
- Drugs removed from the market.** If the Food and Drug Administration deems a drug on our formulary to be unsafe or the drug’s manufacturer removes the drug from the market, we will immediately remove the drug from our formulary and provide notice to members who take the drug.

- **Other changes.** We may make other changes that affect members currently taking a drug. For instance, we may add a new generic drug to replace a brand-name drug currently on the formulary or add new restrictions to the brand-name drug or move it to a different cost-sharing tier or both. Or we may make changes based on new clinical guidelines. If we remove drugs from our formulary, add prior authorization, quantity limits and/or step therapy restrictions on a drug or move a drug to a higher cost-sharing tier, we must notify affected members of the change at least 30 days before the change becomes effective, or at the time the member requests a refill of the drug, at which time the member will receive a 30-day supply of the drug.

- If we make these other changes, you or your prescriber can ask us to make an exception and continue to cover the brand-name drug for you. The notice we provide you will also include information on how to request an exception, and you can also find information in the section below entitled “How do I request an exception to the VIVA MEDICARE Formulary?”

## Changes that will not affect you if you are currently taking the drug.

Generally, if you are taking a drug on our 2024 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2024 coverage year except as described above. This means these drugs will remain available at the same cost-sharing and with no new restrictions for those members taking them for the remainder of the coverage year. You will not get direct notice this year about changes that do not affect you. However, on January 1 of the next year, such changes would affect you, and it is important to check the Drug

List for the new benefit year for any changes to drugs.

### The enclosed formulary is current as of

**11/01/2024.** To get updated information about the drugs covered by VIVA MEDICARE, please contact us.

Our contact information appears on the front and back cover pages.

VIVA MEDICARE will notify you in writing in the event of a mid-year change to the formulary if you have been identified as being treated for select drug therapies.

VIVA MEDICARE maintains monthly updates to the formulary via the Member Resources page located at [www.VivaHealth.com/Medicare](http://www.VivaHealth.com/Medicare).

## How do I use the Formulary?

There are two ways to find your drug within the formulary:

- **Medical Condition.** The formulary begins on page 1. The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category, “Cardiovascular.” If you know what your drug is used for, look for the category name in the list that begins page 1. Then look under the category name for your drug.
- **Alphabetical Listing.** If you are not sure what category to look under, you should look for your drug in the **Index that begins on page 82.** The Index provides an alphabetical list of all of the drugs included in this document. Both brand-name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

## What are generic drugs?

VIVA MEDICARE covers both brand-name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand-name drug. Generally, generic drugs cost less than brand-name drugs.

## Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- **Prior Authorization:** VIVA MEDICARE requires you or your physician to get prior authorization for certain drugs. This means that you will need to get approval from VIVA MEDICARE before you fill your prescriptions. If you don't get approval, VIVA MEDICARE may not cover the drug.
- **Quantity Limits:** For certain drugs, VIVA MEDICARE limits the amount of the drug that we will cover. For example, VIVA MEDICARE provides 60 tablets per prescription for MITIGARE. This may be in addition to a standard one-month or three-month supply.
- **Step Therapy:** In some cases, VIVA MEDICARE requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, VIVA MEDICARE may not cover Drug B unless you try Drug A first. If Drug A does not work for you, VIVA MEDICARE will then cover Drug B.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page 1. You can also get more information about the restrictions applied to specific covered drugs by visiting our website. We have posted online documents that explain our prior authorization and

step therapy restrictions. You may also ask us to send you a copy. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You can ask VIVA MEDICARE to make an exception to these restrictions or limits or for a list of other, similar drugs that may treat your health condition. See the section, "How do I request an exception to the VIVA MEDICARE Formulary?" below for information about how to request an exception.

## What if my drug is not on the Formulary?

If your drug is not included in this formulary (list of covered drugs), you should first contact Member Services and ask if your drug is covered. If you learn that VIVA MEDICARE does not cover your drug, you have two options:

You can ask Member Services for a list of similar drugs that are covered by VIVA MEDICARE. When you receive the list, show it to your doctor and ask them to prescribe a similar drug that is covered by VIVA MEDICARE.

You can ask VIVA MEDICARE to make an exception and cover your drug. See below for information about how to request an exception.

## How do I request an exception to the VIVA MEDICARE Formulary?

You can ask VIVA MEDICARE to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make.

- You can ask us to cover a drug even if it is not on our formulary. If approved, this drug will be covered at a pre-determined cost-sharing level, and you would not be able to ask us to provide the drug at a lower cost-sharing level.
- You can ask us to waive coverage restrictions or limits on your drug. For example, for certain

drugs, VIVA MEDICARE limits the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.

Generally, VIVA MEDICARE will only approve your request for an exception if the alternative drugs included on the plan's formulary or additional utilization restrictions would not be as effective in treating your condition and/or would cause you to have adverse medical effects.

You should contact us to ask us for an initial coverage decision for a formulary or utilization restriction exception. **When you request a formulary or utilization restriction exception you should submit a statement from your prescriber or physician supporting your request.** Generally, we must make our decision within 72 hours of getting your prescriber's supporting statement. You can request an expedited (fast) exception if you or your doctor believe that your health could be seriously harmed by waiting up to 72 hours for a decision. If your request to expedite is granted, we must give you a decision no later than 24 hours after we get a supporting statement from your doctor or other prescriber.

### **What do I do before I can talk to my doctor about changing my drugs or requesting an exception?**

As a new or continuing member in our plan you may be taking drugs that are not on our formulary. Or, you may be taking a drug that is on our formulary but your ability to get it is limited. For example, you may need a prior authorization from us before you can fill your prescription. You should talk to your doctor to decide if you should switch to an appropriate drug that we cover or request a formulary exception so that we will cover the drug you take. While you talk to your doctor to determine the right course of action for you, we may cover your drug in certain cases during the first 90

days you are a member of our plan.

For each of your drugs that is not on our formulary or if your ability to get your drugs is limited, we will cover a temporary 30-day supply if your prescription is written for fewer days, we'll allow refills to provide up to a maximum 30-day supply of medication. After your first 30-day supply, we will not pay for these drugs, even if you have been a member of the plan less than 90 days.

If you are a resident of a long-term care facility, we will allow you to refill your prescription until we have provided you with a 31-day supply and may be up to a 31-day transition supply, consistent with dispensing increment (unless you have a prescription written for fewer days). We may cover more than one refill of these drugs for the first 90 days you are a member of our plan. If you need a drug that is not on our formulary or if your ability to get your drugs is limited, but you are past the first 90 days of membership in our plan, we will cover a 31-day emergency supply of that drug while you pursue a formulary exception.

If you are a current member and have a level of care change (for example, you are going home from a long-term care facility, a hospital admission, etc.), notify your pharmacist of your level of care change. For each of your drugs that are not on our formulary or if your ability to get your drugs is limited, we may cover a temporary 31-day supply (unless you have a prescription written for fewer days) when you go to a network pharmacy. Before your temporary 31-day supply runs out, you should talk to your doctor to decide if you should switch to an appropriate drug that we cover or request a formulary exception so that we will cover the drug you take. After your temporary 31-day supply, we will not pay for drugs that are not on the formulary or have additional requirements or limits on coverage.

**VIVA MEDICARE’s Formulary**

The formulary that begins on page 1 provides coverage information about the drugs covered by VIVA MEDICARE. **If you have trouble finding your drug in the list, turn to the Index that begins on page 82.**

The first column of the chart lists the drug name. Brand-name drugs are capitalized (e.g., JANUVIA) and generic drugs are listed in lower-case italics (e.g., omeprazole).

**The information in the Requirements/Limits column tells you if VIVA MEDICARE has any special requirements for coverage of your drug.**

“PA” means the drug requires Prior Authorization.

“QL” means there is a quantity limit on the drug.

“NM” means the drug is not available at mail order.

“ST” means the drug requires step therapy.

“LA” means the drug has limited access and can only be dispensed by designated pharmacies.

“B/D” means a determination must be made as to whether the drug is covered under the Medicare Part B benefit or Medicare Part D benefit.

## 2024 Copayments (the amount you pay) for Prescription Drugs

The amount you pay per prescription depends on the level of Extra Help you receive. When you enroll in our plan, you will receive an Evidence of Coverage Rider for People Who Get Extra Help Paying for Prescription Drugs (also called a Low Income Subsidy Rider or LIS Rider). It will tell you how much you will pay for prescription drugs. Depending on your income and institutional status, you pay the following:

### VIVA MEDICARE *Extra Value* & VIVA MEDICARE *Extra Care* Drug Benefits Summary

**I. Deductible: \$0** *The amount you pay before the coverage starts.*

**II. Copayments/Coinsurance:** *The amount you pay after the deductible (if applicable).*

	2024 COSTS
Deductible	\$0
Copays	\$0 <i>if you get Extra Help</i>

**Note:** Please see Chapter 6 of your VIVA MEDICARE *Extra Value* or VIVA MEDICARE *Extra Care* Evidence of Coverage for more information on getting prescription drugs at a long-term care pharmacy.

- There is an index in the back to help you find the drug you are looking for.
- If you lose Extra Help, your costs will be different. Contact Member Services for more information.
- In addition to the drugs covered by Part D, certain Medicare recipients who also qualify for Medicaid may have some prescription drugs covered under their Medicaid benefits. These groups include:
  - QMB+
  - Full Benefit Dual Eligibles (FBDE)
  - SLMB+

If you have questions about which drugs are covered under Medicaid, please call the Medicaid Recipient Inquiry Hotline at 1-800-362-1504. TTY users call 1-800-253-0799.
